

La Crus, Dragon

You are You are You are You are a long train
You are You are You are You are a long train
You are You are You are You are a long train

Se vuoi farmi un ritratto in forma di piano
E tu me lo vuoi fare in forma di treno
Tu vuoi un titolo al quadro e alla sua imitazione
Un consiglio lo accetti
da grande illusione

You are You are You are You are a long train
You are You are You are You are a long train
You are You are You are You are a long train

That's the dragon
Chase the dragon...
