

# Lacrimas Profundere, All Your Radiance

Left, on me  
but tears are a part of you  
hooked, what is it  
all is coming  
taste it, to be foolish  
on you  
embrace the tears  
embrace the past

for all what you are dying for  
it's the only thing you can decide  
o. you forget the breathes, forget  
another skin, it's the piece of  
unknown peaces  
somehow helpless, isn't it
