

# Lacrimas Profundere, An Irresistible Fault

Listen to me baby

I love the sweet form of your brows  
And can't get  
Enough of you my dear

Listen to me baby

Your lips are more than I deserve  
And your kiss  
Tastes better than cocaine

Listen to me baby

You, you gave me all I need  
And don't care about me  
What we tried was meant to be  
An irresistible fault
