

# Lacrimas Profundere, Evade

Nevermore obey  
We die for what we want  
Bitter pills  
And everywhere  
To be a lie

All is gone deliberate  
Please disgrace me  
Let me indicate your gap  
Yes I will  
From beyond and forever  
Be my enemy  
Never no and never you

Nail me on your walls  
I spit on what you do  
You would tear my emptiness  
Differ and dare  
You are a liar

All is gone deliberate  
Please disgrace me  
Let me indicate your gap  
Yes I will  
From beyond and forever  
Be my enemy  
Never no and never you
