

# Lady Antebellum, What If I Never Get Over You

it's supposed to hurt  
it's a broken heart  
but to movin' on is the hardest part  
it comes in waves  
the letting go  
but the memory fades  
everybody knows /2x

what if I am trying  
but then I close my eyes  
and then I am right back  
lost in the last goodbye  
what if times doesn't do what its supposed to do?  
what if I never get over you
