

Lady GaGa, Alice

My name isn't alice
But i'll keep looking
But i'll keep looking Wonderland
My name isn't alice
But i'll keep looking
But i'll keep looking Wonderland
Set me free
Set me free

Could you pull me out of this alive?
Where's my body?
I am stuck in my mind

I'm tiresof screaming
At the top if my lungs
Mother, mother
I am in the hole
I am falling down
So down, down

My name isn't alice
But i'll keep looking
But i'll keep looking Wonderland
My name isn't alice
But i'll keep looking
But i'll keep looking Wonderland
Set me free
Set me free

Take me home
Take me to Wonderland
Wonderland
Take me home
Take me to Wonderland
Wonderland

Sick and tired of waking up
Screaming at the top of m y lungs
Think i might just've left myself behind
Maestro, play me your symphony
I will listen to anything
Take me on a trip, DJ,
Free my mind

My name isn't alice
But i'll keep looking
But i'll keep looking Wonderland
My name isn't alice
But i'll keep looking
But i'll keep looking Wonderland
Set me free
Set me free

Take me home
Take me to Wonderland
Wonderland
Take me home
Take me to Wonderland
Wonderland
Take me home
Take me to Wonderland
Wonderland
Take me home
Take me to Wonderland

Wonderland
