

Lady Gaga, BLACKPINK, Sour Candy

So So Sour Candy
So So Sour Candy

I'm sour candy, so sweet I get little angry
Sour candy

I am super psycho
Make you crazy when
I turn the lights low
Sour Candy

Ask me to be nice
And then i'll do it extra mean
(wers po koreańsku)
If you wanna fic me
Then let's break up here and now
(wers po koreańsku)

Ask me to be nice
And then i'll do it extra mean
(wers po koreańsku)
If you wanna fic me
Then let's break up here and now
(wers po koreańsku)

I am hard on the outside
But if you give me time
Then i can make time for your love
I am hard on the outside
But if you see inside
Inside, inside

I might be messed up
Biut i know what's love
You want a real taste
At least i am not a fake
Come come unwrap me /2x
I'll show you waht's me
Close your eyes, don't peek
Now i am undressing
Unwrap sour Candy
Come come unwrap me /2x
Coem on, sour Candy

I am hard on the outside
But if you give me time
Then i can make time for your love
I am hard on the outside
But if you see inside
Inside, inside

I'm sour candy, so sweet I get little angry
Sour candy

I am super psycho
Make you crazy when
I turn the lights low
Sour Candy
