

Lady GaGa, The Joker

Lady Gaga prezentuje piosenkę "The Joker" z płyty "Harlequin" (premiera 27 września 2024 r.).

There's always a joker in the pack
There's always a lonely clown
The poor laughing fool falls on his back
And everyone laughs when he's down

There's always a funny man in the game
But he's only funny by mistake
And everyone laughs at him just the same
They don't see his lonely heart break

They don't care as long as there is a jester
Just a fool, as foolish as he can be
There's always a joker, that's the rule
But fate deals the hand that I see

The joker is me, the joker is me
The joker is me, the joker is me
The joker is me

Drink the poison 'cause there's always a loser in the game
The court loves to watch them cry
The royal shouts, "This queen needs to sing"
To ruffle the scene of the crime

The king wears a funny suit, he's a clown
The crown rumbles with the roars
And everyone watches as he declines
The queen pierces him with a sword

I don't care as long as there's a wild man
In the deck, as long as I see his frown
Then I won't be lonely, that's a fact
I stand here and wait for his sword, ha-ha-ha

The joker is me, the joker is me
The joker is me, the joker is me
The joker is me
The joker is me (Hey, ooh-ooh)
The joker is me
