

# Lady Lily, Non E Vero

There's a look in your eye

If you're mad then I need to know why.  
If you're right and I'm wrong

We both made a mistake all along.

Non e vero

non e vero - not a word is true.

I was only feeling lonely for a while.

Non e vero

non e vero - what they're telling you

Is a story that will surely make you smile.

Whatever they say - non e vero.

There are folks you may know

Who get high ev'ry time I get low.

Holding hands with a friend

Is a crime I incline to defend.

Non e vero

non e vero - not a word is true. . . .

Non e vero

non e vero - not a word is true. . . .
