

# Lady Sovereign, Let's Be Mates

It's like...This

[[Chorus]]

I'm weird and you're weird

Let's be mates.

I consider us a pair so yeah,

Let's be mates.

You like monkeys, I like monkeys.

You like funk, I like it funky.

I hate junkies, don't punch me,

I'm feelin a little drumpy.

Let's get acquainted,

You're simple I like it.

Why are we waitin,

I'm single you like it.

Follow me outside,

I need a chashpoint

You got a lot.

Follow me outside,

I need a chashpoint,

wait I said that twice.

You like my hair, I like it too

To the side, that's not all I do.

Do you mind holdin on for two

while I go do my boogaloo.

[[chorus]]

You like colors, I like purple.

I'm talkin slow like a turtle.

I've had to much herble.

I feel like im coughing furballs.

Drink serder like werzzles

I'm fresh and clean like perzles

Deliver my words like parsels

And that queen in her castle
