

# Ladytron, Beauty 2

I sent you out to play last night  
The alarms went off at three  
Funny how I'm not laughing now  
Loneliness a guarantee

I sent you out to play last night  
The alarms went off at three  
Funny how I'm not laughing now  
He's not coming home to me

I sent you out to play last night  
The alarms went off at three  
Funny how I'm not laughing now  
He's not coming home to me

Try to get out of the lease  
And to move out of love  
If only there was no consequence  
I'd watch it all turn to dust

Hey can I go with you, my beauty number 2?  
Hey can I go with you, when the rendezvous' over?  
It's over

Hey can I go with you, my beauty number 2?  
Hey can I go with you, when the rendezvous' over?

(Hey can I go with you, my beauty number 2, my beauty number 2, his beauty number...)  
(Hey can I go with you, when this rendezvous', when this rendezvous', when the rendezvous'...)  
(When the rendezvous' over)  
(It's not over)  
(No, it's not over)
