

Ladytron, Playgirl

Playgirl, why are you sleeping in tomorrows world? Hey, playgirl
Playgirl, why are you dancing when you could be alone? Hey, playgirl
Playgirl, why are you sleeping in tomorrows world? Hey, playgirl
Playgirl, choking on cigarettes won't get you along, hey, playgirl
Hey playgirl, hey playgirl,
Northern lights catch you coming down,
Sleep your way out of your hometown.
Playgirl, why are you sleeping in tomorrows world? Hey, playgirl
Playgirl, why are you dancing when you could be alone? Hey, playgirl
Hey playgirl, hey playgirl, northern lights catch you coming down,
Sleep your way out of your hometown.
A foreign coin in a telephone box,
A question mark on a calendar,
An empty seat on the alpha line,
A sorting code and account number....
Hey playgirl, hey playgirl,
Northern lights catch you coming down,
Sleep your way out of your hometown.
