

# Lagwagon, Alien 8

Would it make you feel much better, if it was you against the world?  
If you were an alien, If it were conspiracy?  
And would it hurt to live in comfort, if you found someone to trust?  
If you knew that you were with us, if we shared a common goal...

But you will isolate, alienate  
No one can appreciate the poor miss understood  
Can you see that I don't care anymore?

Do you ever stop to listen? Are you a martyr for your pride?  
Does it makes you fell much better when you are an alien?

'coz you will isolate, alienate  
No one can appreciate the poor miss understood  
Can you see that I don't care anymore?
