

# Laika, Glory Cloud

Set my heart strings strummin'  
Resonate in me  
Stars burst diamond sockets  
Sounding of the sea  
Songbird on my shoulder  
Peaceful when I sleep  
Be with me as I grow older  
Glory cloud we'll keep

Be the light I see by  
reflected in the tide  
Following the colour of summer  
You will be my guide  
Little stabs of laughter  
Fusing in your eyes  
Time will pass as we grow closer  
Glory cloud will rise
