

# Lake, Jamaica High

Straight on arrival they tell you walk good  
You gotta get right into the feelin',  
just get in the groove  
Gotta get right into the feelin',  
ain't nothin' to hide  
Throw away them shoes babe,  
Jamaican style

Oh magic moment wading out Booby Cay  
Where the only sound around you  
is the whispering sea  
Yeah, the only sound around you  
I tell you no lie  
Gotta roll another baby  
I#m Jamaican high

Light of Jamaica, you dazzelin smile  
The rythmn makes you ove  
It's another big surprise  
light of Jamaica, in just one day  
You'll be groovin' round it's a better way

Seen many places, been movin' around  
But I've never been living in a country  
Where there's only one sound  
No I never been livin' in a land  
where all then people thea glow  
Thought I'd tell you baby cause  
you might like to know

Get away to another time  
get away it's Jamaica high
