

Lake, Sorry To Say

Pick up your run
We got to move it
Cause the train's on time
Here it was fine
But I got to tell you what's on my mind
Well it's been nice getting to know you
Hope you feel the same
Won't be no hard feelings
None of us to blame

Sorry to say it but you're just not my style
But I'm sure you will be fine for someone
Sorry to say it, you're just a one night stand
But I hope you can say that you've had fun
Oh little Saffron, get it right away

Here by the train
I want really to see you again
I'll say goodbye
And I'll tell you there's no need to cry
Well I hope you got what you wanted
I got it too
A little love and company
Just to pull you thru

Sorry to say it but you're just not my style
But I'm sure you will be fine for someone
Sorry to say it, you're just a one night stand
But I hope you can say that you've had fun
Oh little Saffron

Sorry to say it but you're just not my style
But I'm sure you will be fine for someone
Sorry to say it, you're just a one night stand
But I hope you can say that you've had fun
Oh little Saffron, get it right away
