

Laleh, Hame Baham

People are u ready?
Fighters are u ready
Dreamers are u ready
If youre truly ready
Come on get ready

Ref
They could take me up,
Take me down
I dont care
Im not found
Cause we dont understand
The meaning of hamebaham
He said dont let them fool ya
He means the one who rules ya
I say u got to seize the power to be free
And I dont mean the money
And I dont mean control
But I mean the power over heads and our souls

People are u ready
We got nothing to loose
I wont let them rule my dreams
I wont let them tease me
Dont fall for temptations
or the lives they offer
Where are u my sisters
Where are u my brothers
