

# Laleh, Invisible (My Song)

I keep losing my faith  
(don't lose it!)  
I keep trying again  
(don't let you fall!)  
I keep taking the blame  
(don't take it!)  
I can't give it away  
(It's not your fault!)  
You might not know what I mean  
(don't lose it!)  
But you know what I believe in  
(don't let you fall!)  
I can't give you my cause  
(don't take it!)  
I'm just saying because

Invisible rat holes  
Invisible!  
You can't catch them  
the guilty are invisible  
Invisible so you can't catch them!

(you have it, you're strong enough!)  
(You have it! It's in your heart!)

They keep turning away  
(you have it)  
I can't help I'm afraid  
(you're strong enough)  
Give me power to fight  
(you have it)  
O I wish we would try  
(you have it)

I keep playing my part  
all I know is my song  
all I'm trying to say is  
I can't live their way  
I can't live their way!!

Invisible rat holes  
Invisible  
You can't catch them  
the guilty are invisible  
I can't catch them!

(and when I play on  
and when I play it all falls through me  
all is in control)

Who doesn't and who matters?
