

Lali Puna, B-Movie

It's like in a B-Movie
You always know what's coming next
Place for just one hero
Bad guys all around
But don't let Arnie be our last hope
I know, I know too well
I know, I know by heart
I know well
It's like in a B-Movie

You always know what's coming next
I am so sick and tired
of all your muscles and your sweat
Let the hero keep the house clean
I know, I know too well
I know, I know by heart
I know well
