

Lamar, Fly

Fly

Fly (Come and fly with me)

Fly

Chorus:

Fly, tryin reach a star, flying high and oh so far

Fly, come and fly with me

Oooh, fly with the fantasy to the land of extacy

Fly away with me

Rap 1:

Hard times in the ghetoo yo its time to slow up, little man on the block with the plans to blow up

You cane make it out of the ghetto if you reach for the stars

When the timesre getiing ruff , just think with your heart

Love is all around and sometimes its covered with hate

The more love, the less violence and the feeling is great

Sometimes, I fly with my eyes closed and vision my path

When my eyes start to open I can see what I passed

One day I took the wrong road and letting the pain

Now I learn from my mistaked and it wont happen again

Heard the gun shots pass the scene, bodys desceased

And I reach deep inside my soul so I can still preach peace

We all need to fly and keep our hads to the sky

And now I promise to help the needing til the day that Ill de

Womder why the queen died, cause forever youre more

And I spread my wings and fly because life goes on

Chorus x 1

Fly away

Chorus x 1

Rap 2:

Flying high to a place thats far beond our site

At night I see a light and forever its bright

When the street are going on violence and they even know work

When I spread my wings sometime, starting feel like a bird

Little man with the gun, little girl with the knife

Tell them down look the sky and you can follow my flight

Cause there aint nothing in the streets but distruction and death

And my plan to save the world is on the knowledge and trust

Keep your eyes on the good things that life can offer

Everuday Im giving thanks for my mother and father

Tought me how to keep flying, when Im rapidly change

If I feel I cant make it, then call on his name

We all gonna fly, its just a matter of time

On the dropping of my love, I hope it falls on your mind

And the fence for your support is nothing but love

And together well fly to the heavens above

Chorus x 2

Oooh, fly.
