

Lamb, Alien

This was a body
Now it's a home
For you, my little alien
I feel you moving
It's oh so strange
Do you like the music
Am I a happy home
What's it like in there
I'm a happy home
I hope it's cosy in there
If home's where the heart is
That's where you are
My heart is right there
So long I've waited to be quite so occupied
Mysterious being by you
And I'm a happy home
What's it like in there
Yeah I'm a happy home
I hope it's cosy in there
This was a body
Now it's a home
For you, my little alien
I feel you moving
It's oh so strange
Do you like the music
And I'm a happy home
What's it like in there
Yeah I'm a happy home
I hope it's cosy in there
And I'm a happy home
What's it like in there
Yeah I'm a happy home
I hope it's cosy in there
