

Lamb Of God, 11th Hour

The hour of reckoning draws near
Judgment day is here and gone
Sweetly she draws me into her arms
A liquid embrace to chase the day away.
Sedate Numb Deaf and Dumb
Stumbling into solitude.
A clouded judgment day is fueled.
Take me under your black wings
Mark my words and remember me.
So sweetly she sucks away at my time
So sweetly she draws me nigh
Closer and closer towards never ending sleep
Spin the bottle
Kiss only the bottle.
The dark mistress of many, beholden to none
Slips a ring of needles around your arm in an engagement
Eternal engagement
Never consummated.
Never consummated.
Take me under your black wings
Mark my words and remember me.
Destroyer of senses.
So take as needed for the pain.
Another gray morning dawns across an ashen sky.
My sweet demoness beckons me.
Ever again and again and again and again.
Ever again and again and again and again.
The dark mistress of many, beholden to none
My sweet demoness beckons me.
Ever again and again and again and again and again.
Take me under your black wings.
Jacked up on the taste of self-destruction.
