

Lamb Of God, In The Absence Of Sacred

Violence a natural reaction in a society whose advances are limited to its new technology
Different only in the current mode of destructive intent
Data has replaced real life in this world, no hope for the stop of "progress."
Inevitable bio-link implant will replace the feel of human touch
All memory surrogates downloaded bought & sold, no true sense
Of self. Impending sensory death looming near
A number, this is what you've become. Life digitized itemized commodified
Ha, ha, ha, this is what you work for...
