Lamb, What Sound

What is that sound Ringing in my ears The strangest sound I've heard for years and years The sound of two hearts Beating side by side The sound of one love That neither one can hide The sound that makes the world go round The sound that makes the world go round What is that sound Running round my head Funny I thought That part was long since dead But now there's new life Crossing through my veins Because there's someone To make it beat again The sound that makes the world go round What is that sound Ringing in my ears The strangest sound I've heard for years and years The sound of two hearts Beating side by side The sound of one love That neither one can hide
