

Lambchop, I Hate Candy

And I hate candy
And I like rain
And I like substance
To tickle my brain
And I'd like to see you
And I'd like to say
yeah I can't wait
To see you today

Wheres my little trouble girl?
Theres no real trouble girl (3x)
Wheres my little trouble girl?
Cmon cmon cmon

And I get serious
And I get sad
And I get nervous
With the problems we have had
But I will want you
The leisure and the loss
Yeah, I will want you
No matter the cost

Wheres my little trouble girl?
Theres no real trouble girl (3x)
Wheres my little trouble girl?
Cmon cmon cmon

And I will want you, you near me
And I will need you, by my side
And I guess this trouble will pass
And I'll take you, the good with the bad

Wheres my little trouble girl?
Theres no real trouble girl (3x)
Wheres my little trouble girl?
Cmon cmon cmon

Wheres my little trouble girl?
Theres no real trouble girl (3x)
Wheres my little trouble girl?
Cmon cmon cmon
