

# Lament, From Pain to Hope

Sadness and pain cover the people  
They cry out for freedom  
Escaping from death  
Looking for answers  
Broken dreams, wounded hearts

They walk in agony  
They are hated  
For the color of their skin  
Fear in their minds

Death will come soon  
And sickness in their bodies  
They live in our world  
And want an answer  
A hope to be free

They are poor and no one  
Will help, from pain to hope  
Jesus Christ is the way  
He died for everyone  
Your race doesn't matter

The people don't care  
If they die or cease to exist  
The future is the same without hope  
Or love
