

# Lampshade, Plakka Plakka

Starrise  
The distant stars  
The silent lies  
Staring at the waterfall

Starrise  
Your eyes are blind

It's a polaroid kindness  
Staring at the halo

Twilight  
Starrise (once again I open up)  
The distant stars (to see you stand there)  
The silent lies staring at the waterfall (waiting for me)

Starrise (I hear you say)  
Staring at the waterfall (come on in, come on in, come on in)

Twilight  
Your eyes are blind  
It's a polaroid kindness  
Staring at the halo

Starrise  
Staring at the halo  
Starrise.
