

Lana Del Rey, Chemtrails Over The Country Club

I'm on the run with you, my sweet love
There's nothing wrong contemplating God
Under the chemtrails over the country club
Wearing our jewels in the swimming pool
Me and my sister just playing it cool
Under the chemtrails over the country club

Take out your turquoise and all of your jewels
Go to the market, the kids' swimming pools
Baby what's your sign?
My moon's in Leo, my Cancer is sun
You won't play, you're no fun
Well I don't care, what they think
Drag racing my little red sportscar
I'm not unhinged or unhappy, I'm just wild

I'm on the run with you, my sweet love
There's nothing wrong contemplating God
Under the chemtrails over the country club
Wearing our jewels in the swimming pool
Me and my sister just playing it cool
Under the chemtrails over the country club

Meet you for coffee
At the elementary schools
We'll laugh about nothing
As the summer gets cool It's beautiful, (I'll escape)
Normality settles all over me
I'm not bored or unhappy
I'm still so strange and wild

I'm in the wind, I'm in the water
Nobody's son, nobody's daughter
Watching the chemtrails over the country club
Suburbia, The Brentwood Market
What to do next? Maybe we'll love it
White, picket chemtrails over the country club

My love, my love
Washing my hair, doing my laundry
Late night TV, I want you on me
Like when we we're kids
Under chemtrails over the country clubs

It's never too late baby, so don't give up
It's never too late baby, so don't give up
Under the chemtrails over the country club
(You're born in the December, I'm born in June, Yeah)
Under the chemtrails, over the country club
(You're born in the December, I'm born in June, Yeah)
My Cancer is sun, and my Leo is moon
My Cancer is sun and my Leo is moon
Yeah, yeah, yeah, yeah, yeah
