

# Lana Del Rey, Looking for America

took a trip to San Francisco  
All our friend said we would jive  
didn't work, so I left for Fresno  
It was quite a scenic drive  
pulled over to watch the children in the park  
used to only worry about them after dark

I'm still looking for my own version of America  
One without the gun, where the flag can freely fly  
No bombs in the sky  
Only fireworks when you and I collide  
It's just a dream I had in mind  
It's just a dream I had in mind  
It's just a dream I had in mind

took a flight to New York City  
I miss that Hudson river line  
took the train back to Lake Placid  
That's another space and time  
Where we used to go drive-ins and listen to the blues  
so many things that I think twice about before I do

I'm still looking for my own version of America  
One without the gun, where the flag can freely fly  
No bombs in the sky  
Only fireworks when you and I collide  
It's just a dream I had in mind  
It's just a dream I had in mind  
It's just a dream I had in mind

It's just a dream I had in mind
