

# Lanemeyer, Socko In The Ring

So much easier to wait  
On things I wanna say  
just get in my car  
and we'll just drive away  
This could mean everything  
So much better than before  
This time I promise you  
could mean so much more  
Well today I woke up happy  
there was so much more to see  
There was a little something missing  
Then you woke up next to me  
Took a chance at what I wanted  
Forgot about just where I've been  
This door was never open  
But I'm letting you walk right into my life  
This is the first time  
I just want to look into your eyes  
You're everything  
I just want to hold you here all night  
Be everything  
So I said I'll try and tell you everything  
But you got in your car  
and you just drove away  
You've heard so many things  
about where I've been before  
this time I promise you  
this one could mean so much more to me than any other thing
