

# Lanfear, Turn The Tide

Take care!  
The flame is flickering  
The splinter hurts  
The eyes of god  
Beware!  
We're drowning the isle again  
The very thought  
Is bursting my mind

Right now  
We're pacing the speed of life  
Our fucked up minds  
Are screaming for more  
Millenium  
I hail your uneven beat  
The melody  
Of men and machines

Turn the tide  
Take me far away  
Cover me!  
Innocence  
Treated like a whore  
Turn the tide

What once was gold  
Is turning to piles of shit  
What once was love  
Must ever be love  
So start to think  
Refind the revealing scroll  
The king is dead  
Long live the king!

Turn the tide  
Take me far away  
Cover me!  
Innocence  
Treated like a whore  
Turn the tide

Turn the tide (Turn the tide)  
Take me far away (Take me far away and cover me)  
Cover me!  
Innocence (Innocence treated like a whore)  
Treated like a whore (Turn the tide and cover me)  
Turn the tide (Turn the tide)  
Turn the tide (Turn the tide)  
Take me far away (Take me far away and cover me)  
Cover me!  
Turn the tide (Turn the tide)
