

# Langhorne Slim, The Electric Love Letter

We'll meet at three by the sea  
Let it flow  
Flow  
We'll nervously shoot the breeze  
Let it flow  
We both got nowhere to be  
Let it flow  
Flow  
You make my heart skip a beat  
Let it flow

It's like lightning when she smiles  
She tastes just like pumpkin pie  
Storm clouds have filled the sky  
I've arrived when she smiles  
I'm on fire

On the outskirts of town  
Let it flow  
Flow  
Lonely lane I sat down  
Let it flow  
And it was there I found a book bound with leather  
Let it flow  
In it was the electric love letter  
Let it flow

It's like thunder when she cries  
I'd die to be by her side  
Tonight when we take a ride  
We've arrived when she smiles  
I'm on fire

We'll meet at three by the sea  
Let it flow  
We'll nervously shoot the breeze  
Let it flow  
We both got nowhere to be, man  
Let it flow  
You make my heart skip a beat  
Let it flow  
And it was there I found a book bound with leather  
Let it flow  
In it was written the electric love letter  
Let it flow

It's like lightning when she smiles  
She tastes just like pumpkin pie  
Tonight when we take a ride  
I've arrived when she smiles  
She's hungry like an only child  
But her lipstick really drives me wild  
I've arrived when she smiles  
I'm on fire
