

# Lani Hall, Never Say Never Again

Never, never say never again  
Never, never say never again

You walk in a room  
A woman can feel the heat  
One look is a guarantee  
Nights could be, long and sweet

The message is clear  
And like nothing I've ever known  
But from all that I hear  
Forget about long range plans  
'Cause this man's got his own!

To get mixed up with a man  
Who says, "Never"  
May be, big trouble, but then...

I just could be  
The woman to take you  
And make you say  
"Never say never again"...

Never, never say never again  
Never, never say never again  
Never, never say Never again  
Never, never say Never again!

You've got all the moves  
And, but, baby I got 'em too  
No matter your attitude, or your mood  
I'll come through

The touch of your voice  
The feel of your eyes on me  
You leave me no choice  
Though I know there's danger there  
I don't care, let it be!

To get in bed with a man  
Who says, "Never"  
May have no future, but then  
I just could be  
The woman to reach you  
And teach you  
To Never Say Never Again

I'll bet you  
I'll get you  
I'll reach you  
I'll teach you  
I'll take you  
I'll make you!
