

# Lapis Lazuli, Illusions

I will tell you a story of absolute truth  
I will show you a glimpse of a neverending light

Come and feel the magic of knowing it all  
Come and listen to my words and rise up above

Listen to me, hear what I say  
I'll promise you, you will never be afraid  
Come follow me, don't turn away  
Come follow me away from the lies

Come see the light, come see the truth  
And learn that he is watching you  
Come, walk with me and take my hand  
And I will show the righteous path

I just know that it's the only way to go  
Heaven shall come

I will show you what it means to be cleansed from all your sins  
I am living in a dream, leaving sanity behind

I will show the other side, secrets they won't let you know  
Blackened eyes and blackened mind, leaving freedom far behind

I'll open your eyes and show you that the  
love of our God sets you free

I'll open your mind and tell you that the  
words of their God brings you down

I will never lie to you  
I will open your heart and your mind, to let him embrace you

You will never leave his side again, he will never let you go

Come with me and run away from them, or they will always keep control

We will never let you stray away, now that you are one of us

You have got to break out from these chains, shackles of religious lies

Don't you dare to step away from us, or hellfire takes its toll

Find the power, go, just take a leap, freedom calling you once more

Don't you wanna be free from the lies of your kind?  
Don't you wanna find peace and salvation inside?  
Don't you see that your soul is infected with sins?  
Don't you see you're devouring yourself from within?  
We can show you the path to the heavens above  
We can sing you the praise of our God's righteous love

Don't you wanna be free from the lies of your kind?  
Don't you wanna find peace and salvation inside?  
Don't you see that your soul is infected with sins?  
Don't you see you're devouring yourself from within?  
We can show you the path to the heavens above  
We can sing you the praise of our God's righteous love  
We can show you the one and the only true way  
We can tear down your soul, your body, your mind!
