

Lara Fabian, I'm who I'm

Feels like youve built a wall around me
Youve tried your best to ground me
Let me explain
That I dont play by any other rules
I wont be nobodys fool
I wont lose this game
There is no way
I can love you with half of my heart
(Theres no way)
It would tear me apart
I am who I am
What else could I be
And Ill stand where I stand
I chose to be me
When you look in my eyes
You get what you see
Understand if you can
That I am who I am, who I am, oh
Think twice before you try to read me
Before you try to lead me into your trap
Youve got no right to play with my emotion
Cause you should know that Im much deeper than that
There is no way
I can love you with half of my heart
(Theres no way)
It would tear me apart
I am who I am
What else could I be
And Ill stand where I stand
I chose to be me
When you look in my eyes
You get what you see
Understand if you can
That I am who I am, who I am
Ohnoyeah (dont try, no way that you can try)
(Think twice before you try to read me)
(No right, wont let you love, miss me)
Oh, there is no way
I can love you with half of my heart (no way)
I dont wanna tear me apart
I am who I am
What else could I be
And Ill stand where I stand (oh, oh)
I chose to be me
When you look in my eyes
(When you look in my eyes)
You get what you see (get what you see)
Understand if you can
That I am who I am, who I am
(That I am who I am, who I am)
[No right you do wanna love me]
What else could I be (what else could I be)
And Ill stand where I stand (where I stand)
[Dont try, no way that you can love me]
I chose to be me (chose to be me)
When you look in my eyes
[Think twice before you try to read me]
You get what you see
Understand if you can (understand if you can)
[No right]
That I am who I am, who I am
(That I am who I am, who I am)
I am who I am
What else could I be

And Ill stand where I stand
I chose to be me (chose to be me)
When you look in my eyes (eyes)
You get what you see
Understand if you can
That I am who I am, who I am
