Lari White, Go On

(Lari White/Tom Shapiro/Chris Waters)

You talk to me with one eye on the door You lie beside me with one foot on the floor You're always going You're never gone So long shouldn't take so long

Go on go on go on go on go Why don't you go on go on go on go on go

I know it's just a matter of time So if it's over baby let's just call it a night I can take it If you leave But this waitin' 'round is killing me

Go on go on go on go on go Why don't you go on go on go on go on go

I've just been spinning my wheels Trying not to drive you away Your heart is already gone So what's the use in making you stay

Go on go on go on go on go Why don't you go on go on go on go Go on go on go on go on go Why don't you go on go on go on go
