

# Lari White, Spread The Word

(Lari White/Chuck Cannon/Bebe Winans)

I got the scoop I got the skinny it's the truth and there ain't  
Any doubt about it  
I'm in the groove it's got me movin give me room I got to sing  
I gotta shout it  
Something laid a hold on me and won't let go  
It touched my soul set my spirit free and now I know I gotta I gotta  
Spread the word  
Spread the word

Don't be disturbed haven't you heard  
About the only word that brings us all together  
Be not afraid the debt is paid  
The word that made us saved us  
Always and forever  
Shout it from the mountains to the valley low  
Open up your heart and let the feeling flow

Spread the word  
Spread the word  
There's an answer to your prayer

Take my hand I'll take you there  
Together we will take the message everywhere

Spread the word  
Spread the word  
There's an answer to your prayer  
Take my hand I'll take you there  
Let's spread the word spread the word  
And the word is the word is

Love

Tell your brother tell your sister  
Tell your lover tell you mister  
Tell the preacher tell the teacher  
Everybody everyone tell the world that the word is  
Love  
The word is love  
The word is love  
Love  
Spread the word
