

Lari White, Spread The Word

(Lari White/Chuck Cannon/Bebe Winans)

I got the scoop I got the skinny it's the truth and there ain't
Any doubt about it
I'm in the groove it's got me movin give me room I got to sing
I gotta shout it
Something laid a hold on me and won't let go
It touched my soul set my spirit free and now I know I gotta I gotta
Spread the word
Spread the word

Don't be disturbed haven't you heard
About the only word that brings us all together
Be not afraid the debt is paid
The word that made us saved us
Always and forever
Shout it from the mountains to the valley low
Open up your heart and let the feeling flow

Spread the word
Spread the word
There's an answer to your prayer

Take my hand I'll take you there
Together we will take the message everywhere

Spread the word
Spread the word
There's an answer to your prayer
Take my hand I'll take you there
Let's spread the word spread the word
And the word is the word is

Love

Tell your brother tell your sister
Tell your lover tell you mister
Tell the preacher tell the teacher
Everybody everyone tell the world that the word is
Love
The word is love
The word is love
Love
Spread the word
