

# Larry Graham, Groove On

From the very first time I laid my eyes on U  
U made my sun shine , made my skies blue  
I told U that I had to have U 4 myself  
I want U , pretty mama, nobody else

CHORUS:

I got my groove on, baby let's go  
I got my groove on baby, let's go  
U and me girl  
I got my groove on baby, let's go  
I got my groove on baby, let's go  
U and me

U used 2 break my head talkin' bout JAH  
and now I know Him and I gotcha  
Him, U and me and my baby girl  
We're all livin'4 the new world

CHORUS

A little blue book and a lot of time  
I finally got the truth and I made it mine  
And now U might hear me knockin' on your door  
Grab your book back , baby, cuz' here we go

CHORUS

I keep groovin', I gotta keep it groopin'  
I keep groovin', I gotta keep it groopin'

It's in my heart , yeah, I got it deep in my heart  
It's in my heart , yeah, I got the truth in my heart

CHORUS
