

# Last Winter, The Violent Things

We are pawns but we are (we are) well dressed and ready for the violence (the violence).  
And the room screams silence (silence), your move, the audience waiting (the audience waiting).  
And the streets will fill as the buildings swell to the rooftops (to the rooftops).  
This page is not enough.  
Don't be afraid to say it, secrets will just keep me hoping to find out (find out).  
The hate you're really hiding.  
Remember when we said that this would last forever.  
Forever, forever.  
And I'll watch this city fall piece by piece to nothing.  
We fight the lies.  
And the streets will fill as buildings swell to the rooftops.  
This page is not enough.  
Don't be afraid to say it, secrets will just keep me hoping to find out (find out).  
The hate your really hiding  
Remember when we said that this would last forever  
Forever, forever.  
I've never felt so sick, it's just the violent things.  
I've never felt so sick, it's just the violent things.  
I've never felt so weak, until the camera clicks.  
And you find out it's not enough.  
And you give and you give 'til you've given up.  
And I don't know what to do (all that you will).  
And I don't know what to do.  
This page is not enough.  
Don't be afraid to say it, secrets will just keep me hoping to find out  
The hate you're really hiding.  
Remember when we said that this would last forever.  
Forever.  
This page is not enough.
