

# Latch Key Kid, Good Times

Why dont we step outside,  
And change our view.  
We dont see eye to eye,  
Sometimes its true.  
Good times will come around,  
When we follow through.  
I just want to share a smile with a friend like you.  
A friend like you x5  
No use in splitting up,  
We're on a team.  
Lets just go win the game,  
One for you and me.  
We might just find a way,  
To a better day.  
When all our worries and our troubles melt away.  
Melt away x5
