

Late Night Alumni, Beautiful

Here we are
Family together
Holding close
Never release this feeling
This moment
My dream is now
That I'm with you
'Cause your beautiful
Something in your eyes
Tells me I have found
Love that never dies
I don't have to dream
Reality is beautiful in you...
I've never felt more true
There you are
Finally the answer
Take my hand
Never release
The sweetness
The magic
The happiness
I found in you
Cause you're beautiful
Something in your eyes
Tells me I have found
Love that never dies
I don't have to dream
Reality is beautiful in you...
I've never felt more true
Cause you're beautiful
Something in your eyes
Tells me I have found
Love that never dies
I don't have to dream
Reality is beautiful in you...
I've never felt more true (x3)
Cause you're beautiful
I've never felt more true...
Beautiful...
