

# Latino, Don't Say Goodbye

You gave me love when needed more  
You taught me how to love you girl  
The more i try never can hide my feelings  
But now you&#039;re going i just can&#039;t believe  
Girl let me be your only guy  
Let me show you the town tonight

Oh! Baby don&#039;t say goodbye  
Let&#039;s stay together tonight  
You&#039;re part of my life  
It&#039;s just a matter of time, girl  
Don&#039;t say goodbye  
Let&#039;s stay together tonight  
I need you so much but if you go  
Be sure that i will cry
