

# Latto, Sex Lies (ft. Lil Baby)

Peep the way I put it on you, got you fallin'  
Tell you slide when it's five in the morning  
Keep the ice when I ride 'cause I'm ballin'  
Oh yeah, no wonder you keep callin'  
You know it's a vibe, going all night  
Look me in the eyes, tell me sex lies  
Aww baby, it's a vibe, going all night  
Look me in the eyes, tell me sex lies  
Yeah, yeah, yeah  
Tell me what I want to hear (yeah)  
Tell me how you want it, tell me how you feel  
Sex drive, just hope that you can steer  
Sex lies in my ear gives me chills  
I know you don't mean it, just answer when I need it  
Ain't no strings attached, so it ain't nun' can get in between us  
Drunk dials in the evening, that liquor keeps me fiend'ing  
I'm just trying to grant you all your wishes, sex genie  
Freaky, nasty, backseat or the balcony  
I don't even remember what I said, so don't you ask me  
Whatever keep you happy, don't take this shit to heart  
'Cause we was in the moment, but that shit stay in the dark  
(Sex lies)

Drive her crazy when I talk when we fuckin'  
But it's crazy 'cause if I ain't have nothin', we wouldn't be talkin' or fuckin'  
I bust a nut, and that's the end of discussion  
I fuck you like it was our last time, I know it's lust, I don't say that I love you (love you)  
I might just whisper in your ear and tell you nobody gon' fuck you like me  
Then she turn around, she look back up like I'ma make you wife me  
I push on her legs, I go in deep and I she don't even fight it  
I won't stop until we reach the climax, I'ma keep on climbing  
Look me in my eyes and say it's mine, but I just know she lying  
Always on the grind, I don't have time for no wine and dining  
And I can find another you before you can go find a dime  
And you gon' make that pussy cum for daddy is my favorite line

Peep the way I put it on you, got you fallin'  
Tell you slide when it's five in the morning  
Keep the ice when I ride 'cause I'm ballin'  
Oh yeah, no wonder you keep callin'  
You know it's a vibe, going all night
