## Laura Branigan, Find Me

(David Shire/Carol Connors)

If you see me trembling 'cos you're near Please come closer it's not you I fear Find me, touch me, never let me go Darlin', I'm so cold, hold me If you hear me cryin' in my sleep Kiss me gently hold me while I weep

Find me, touch me, never let me go Find me, reach me, feel what I can't show Darlin', I'm so cold, hold me

Because you're near me now I'm so much braver now No longer lost somehow with you with me If you feel me pushin' you away That's me simply beggin' you to stay

Find me, touch me, never let me go Find me, reach me, feel what I can't show Find me, love me, God I love you so Darlin', I'm so cold, hold me
