

Laura Marano, Someday

Someday you'll meet a girl who
Believes the things your family does
You'll be thanking God she's in your life

She'll drink coffee and be good at golf
She'll write beautiful wedding vows
On the day that you make her your wife

She'll be kind
She'll be pretty
She'll even live
In your same city

And I bet
She'll make you happy
I just want you
To be happy
Is it selfish that I wish you were your happiest with me?

I loved you the best that I could
But I know that she'll love you better
If I told you to come back you would
That's why I can't ask for forever

Cause I know that she'll exist
She'll be your perfect fit
She'll hold you like I did and
Still want to

I've never loved someone
The way I still love you
But I guess I didn't love you the way you wanted me to

Ooh ooh
But I wanted to
I wanted to

Someday you'll kiss a girl who
Won't kiss other lips cause of her job
You won't have to be the jealous type

She'll be good with kids, play like I did
But she'll practice self discipline
She'll know how to manage all her time

She'll be smart
She'll be pretty
And you won't
Even miss me

And I bet
She'll make you happy
I just want you
To be happy
Is it selfish that I wish you were your happiest with me?

Oooh
Ooh
Ooh
Oooh

Oooh
Ooh
Ooh

Ooh

When they ask who broke up with who
Do you say I broke up with you
We both know that's not true
We both know that's not true

We let all the magic we had
Disappear, there's no going back
It's sad because it's true
I'm not the one for you

You loved me the best that you could
I don't think someone could love better
If I told you to come back you would
But would I make you happy forever

Cause I know that she'll exist
She'll be your perfect fit
She'll hold you like I did and
Still want to

I've never loved someone
The way I still love you
But I guess I didn't love you the way you wanted me to

Ooh ooh
But I wanted to
I wanted to

Ooh ooh
But I wanted to
