

# Laura Marling, Short Movie

I am paying for my mistake  
That's okay  
I know when I will pull in  
It's a short fucking movie, man  
I know  
I will try and take it slow  
Bought a lot of color drugs  
Come on, what's it about?  
Gave me sick to make me well  
Come on, rock the hell

I got up in the world today  
Wondered who it was I could save  
Who do you think you are?  
Just a girl that can play guitar  
I think I could get away with  
Saying only half what I say  
No, I can't give you up  
Oh no, I'm not gonna stop  
But they know  
But they'll never know why  
They know  
But they'll never know why

I don't know what we're afraid of  
But I know, I don't mind  
Oh no, I don't mind  
If I fall in love to the sound of birds  
On the wind  
And kiss, I'm loving  
They know  
But they'll never know why  
They know  
But they'll never know why  
They know that I loved you  
But they don't know why  
They know that I loved you  
But they don't know why  
It's kicking off, it's kicking of

Now it's short fucking movie, man  
Now it's short fucking movie, man  
Now it's short fucking movie, man  
Now it's short fucking movie, man  
I know  
I won't try and take your soul  
I know  
I won't try to take your soul
