

# Laura Pausini, Take This Heart

End is the time  
I hear you wisper words  
Tender and kind  
they make me feel allright  
As when I'm dreaming  
that you hold me in your arms  
And when you smile  
I'll lay on to your charmes  
You'd feel me...

chorus:

Take this heart  
don't lose it  
Take this heart  
take care of it  
Cause only love can bring it back to me  
So it's always yours to keep  
my... heart

Gotta be strong  
turn tears into a smile  
Show the world  
I'm really doing fine  
They say I'm young  
so life will be kind  
But death is a thief  
and I'm treat be left all here  
without you...

chorus

Sometimes I wonder if  
I'm gonna make it alone  
Without your love it seems  
so hard  
though the rain will always fall  
behind the clouds  
there shines  
the sun I'll always believe in

Chorus
