

Laura Pausini, You Are

Used to be afraid of love
Used to be alone
Never thought I'd find
Someone to lean upon

But like a blessing from above
You came in to my life
When my faith was gone
Somehow you found me

You took my hand when I was lost
Embraced me with your love
In your arms is where I belong

You are my shelter
My tears and laughter
The sunlight and the wind
You are my angel
You are the joy that love can bring

Love will grow and takes us high
Love has just begun
And I do believe
Nothing can bring us down

And I can see it in your eyes
The flame will never fade
'Cause in my heart I know
To be there beside you
To hold you when you're down and out
Embrace you with my love
'Cause in my heart is where you belong

Repeat Chorus

You are my one and only
You are my everything
You are the joy that love can bring
Yes you are

You are my shelter
You are my tears and laughter
Baby, baby, baby you're the wind
You are my angel
You are the joy that love can bring
Your love surrounds me
Baby don't you know you're my everything
You are my angel
You are the joy that love can bring
You are my angel
Yes you are
Uh
