

Lauren Jauregui, Toy

[Verse 1]

I'm holding it to the side and fucking playing every day
Tell me [?], [?] you're questioning
Told him "even though I'm small, I'll take you to the space"
Wait for me, side of [?] on the other play
Sometimes I push him then I pull him then he's kissing me
The night is turning up, the shit, [?] safe
Sometimes I wanna pick it up and maybe move away
Not to [?] the galaxies [?]

[Pre-Chorus]

I don't care, feels so good
So I just say what I wanna say

[Chorus]

I'm not your toy
I don't want to be played, I want the time that you learn
You actin' up
You said that I'm dangerous, when I open my mouth
And I am [?] to emotion to, and I can't control it [?]
And I know what, I'm not your toy
I'm not keeping quiet anymore

[Verse 2]

I'm told to sip a [?], is on my [?]
I look much prettier with a smile on my face
I wonder why it wasn't [?] in a [?] way
And they wait for you to pay for your reality
I'm nothing special, sometimes I wish you had to take a pill
But when we're kissing, [?]
The insane amount of [?]
See, you happen [?]

[Pre-Chorus]

I can't give what you want from me
So I just say what I wanna say

[Chorus]

I'm not your toy
I don't want to be played, I want the time that you learn
You were actin' up
You said that I'm dangerous, when I open my mouth
And I am [?] to emotion to, and I can't control it [?]
And I know what, I'm not your toy
I'm not keeping quiet anymore

[Outro]

I'm not your toy, no
Not anymore, no more, oh, oh
And I'm not your toy, oh no no
Anymore
